Officer:
If I have given you this card, it is because in fear for my life it has been necessary to take actions to defend myself. I am willing to sign a criminal complaint against the attacker. I will also point out witnesses and evidence. This is a stressful and traumatic experience for me. Therefore, I wish to make no further statements until I have spoken with an attorney. I also do not consent to any searches. I will cooperate fully once I have consulted with an attorney. As a lawfully armed citizen, I ask for the same courtesy that you would show a fellow officer who has been involved in a similar situation.
Thank you for your understanding.
